

MARK BUTLER, PE

Project Engineer

INDUSTRY EXPERIENCE

7 Years

EDUCATION

B.S., Civil Engineering, Brigham Young University
Provo, Utah

M.S., Civil Engineering, Brigham Young University
Provo, Utah

REGISTRATION & CERTIFICATION

Professional Engineer—Indiana & Illinois

PROFESSIONAL EXPERIENCE

Mr. Butler is responsible for providing engineering and project management through the planning, directing, coordinating and closing out of project activities. He has extensive experience and expertise in geographical information systems (GIS) and leads Banning Engineering's asset management services.

Mr. Butler finds helping communities secure project funding especially fulfilling. He specializes in community crossing road funding as well as OCRA grant funding. Last year, he guided communities in multiple counties to earn over \$1.5M in road funding.
