

KENT S. ELLIOTT, PE

Project Engineer

INDUSTRY EXPERIENCE

21 Years

EDUCATION

B.S., Civil Engineering with Environmental Engineering (Minor)
Rose-Hulman Institute of Technology
Terre Haute, Indiana

REGISTRATION

Professional Engineer - Indiana

PROFESSIONAL EXPERIENCE

Mr. Elliott brings his specialty in municipal water and water collection/distribution, storage and treatment design to the Banning Team. He is involved with the planning, preparation and design of projects directly impacting water quality for municipalities and privately owned utilities. He has been the project manager for various EDA, SRF, and USDA funded projects. He is experienced in water and wastewater planning and design, including sanitary sewer collection systems and wastewater treatment plants.

He is also experienced in potable water distribution system design, water supply well design, identifying and addressing water storage capacity improvements and tank design, and treatment plant design for groundwater and surface water sources. Mr. Elliott has specialized in environmental engineering in all phases of a project, including planning, design and construction.
