

Banning Engineering is a multiyear award winner of “Best Places to Work” in Indiana civil engineering firm that offers a variety of services including site engineering, transportation, land surveying, and asset management. As an Employee-Owned company, we strive to build a culture where employee owners are valued and know they can make a difference.

## **Survey Crew Chief**

Our Survey team’s growth makes it a significant portion of our business by offering our clients full-service, comprehensive survey services by utilizing up-to-date technology that provides accurate and faster completion time. This position is responsible for overseeing a team in the field collecting & recording data, making sketches, and ensuring the safety of their team. This is a full time position that reports to the Field Operations Manager.

### **Job Responsibilities:**

- Collects data for larger/complex boundaries, ALTA’s and topographical survey.
- Has vast knowledge of/and operates total station, level, GPS receiver and data collectors to collect field data.
- Manages Rodman and Junior Crew Chief in the field and makes field decisions.
- Establishes and sets points on construction layout projects and can make field calculations when needed.
- Conducts daily maintenance and up-keep of instruments.
- Makes detailed sketches and records pertinent information in field book to accompany field data.
- Has good understanding of boundary computations, boundary law, survey history, Indiana codes and Land Title Survey requirements.
- Candidate must be able to work in a team environment and also be willing to work independently on occasion.

### **Qualifications/Requirements**

- Two (2) years of Crew Chief experience or Associates Degree in Surveying.
- Must have experience with GPS, Robot Total Station, and data collections for land title surveys, construction layout, and topography.
- Experience with INDOT projects a plus.
- Ability to collect field data in an organized, neat and professional manner for various boundary, topographic, design and construction staking projects.
- The ability to compute, process and map field data will provide the right candidate opportunity and advancement.
- A valid IN driver license and a good driving record required.
- Candidate will work in a drug free environment and will have to submit to an initial screening.
- Physical demands include frequent walking over rugged terrain and on steep slopes, standing, lifting, and carrying objects up to 50 lbs. and some climbing.
- Working environment includes extreme temperatures, rain, snow, sleet and hail. May included working in, on, or near water. Dangerous conditions include noise dust, exhaust fumes, paint, traffic hazards, noxious plants/wildlife, and disruptive people.
- Must be willing to travel on occasion.

**Benefits:**

- Premier Health benefits (Medical, Dental, and Vision) for employees and their dependents
- Employer-Paid Short and Long-Term Disability
- Employer Paid Life Insurance
- Flexible Spending Accounts
- Paid Time Off Program (including Vacation, Holidays, Jury Duty & Bereavement)
- Survey Weather Days (This is an Additional Paid Time Off Program for Field Crews)
- Relocation Assistance
- Employee Tuition Program
- Dependent Tuition Program
- Professional Development Opportunities
