

Summer Internship:

Interested in working on a variety of engineering projects? This internship is perfect for you! This position provides the opportunity to expand your experience by working on an array of projects, perform occasional site visits and building positive relationships with clients and other professionals.

Voted Best Places to Work – 4 years in a row! Banning Engineering is a multi-dimensional civil engineering and surveying firm that offers a wide variety of services including site engineering, GIS and transportation, hydraulics & hydrology and land surveying. Banning's reputation is built on passion, family values and the highest professional standards. Our motto, "*Your Project is Our Priority*", applies to our clients and more importantly to our employees. Our goal is to see you where you are, see where you want to be, and help you get there!

Summary: As a Civil Engineering Intern, you will perform civil engineering tasks that support our project teams to create across many aspects of the industry including Site, Municipal, GIS, Surveying, and Wastewater/Water Resources. Basic duties may include basic mark ups, basic CAD design, job site visits, file set up and documentation, to many other job responsibilities as assigned.

Essential Duties and Responsibilities include the following. Other duties may be assigned to meet business needs.

- Learn basic civil design calculations (i.e., site, grading, dams, levees, agricultural drainage, paving, & utility design), sketches, technical comparisons and similar technical work as required by assignment.
- Basic Mark Ups and CADD set up for projects.
- Research code issues and work with City, State, and County officials.
- Research design options and documents findings for Project Engineers and/or Project Managers.
- Assists with other duties assigned by Project Engineers and/or Project Managers.

Qualification/Requirements:

- Pursuing a BS in Civil Engineering or related field of study
- Experience with AutoCAD Civil 3D or similar software
- Ability to maintain a positive attitude and work well in a team environment.
